**PLANT PRODUCTS CO. LTD. APPOINTS NABAT AGRICULTURAL & TRADING COMPANY AS  
MASTER DISTRIBUTOR**

**Agreement offers growers access to premium quality fertilizer products.**

**Amman, Jordan, January 15<sup>th</sup>, 2008.** Plant Products Co. Ltd (Plant Products) announced today the signing of a Master Distributor agreement with Nabat Agricultural and Trading Company of Amman, Jordan. The agreement allows Nabat the distribution of the Plant-Prod brand of water-soluble fertilizers for the Middle East region.

This business arrangement combines one of the worlds leading brands of fertilizer products with one of this regions most recognized distribution networks in the agriculture and horticulture industry. The focus of the two companies will be to bring, to the industry, those products and technologies that will give growers the ability to produce high quality and high yielding crops.

"The Nabat Company has developed a distribution philosophy that compliments Plant Products international mission to develop our markets on a regional basis". Our companies share similar focus in that our customers come first and that we will both work to bring the highest quality products and technologies to them", states Plant Products President, John Lewandowski.

" Growers always play a lead role in the new products that we bring to the market. Our history and new business relationship with Nabat will drive the regional expansion and the delivery of crop production technology to all growers in the middle east region".
